

Hello Residents of our lovely village

Recent research has shown that the village hall has provided a wide range of appropriate activities for the residents of our village for well over one hundred years with the present building itself dating back for ninety of them. There has been a long tradition of the hall being the centre of village activities from playschools, nursery schools, Dramatic Society, PTA's, dances, bowls and more!

However, 'anno domini' catches up with us all and there is an urgent need for some new younger members on the committee to lead us to making further improvements to the hall and to keep it running smoothly.

Naturally you will want to know more about what is involved. There is variety in tasks, frequency and in time but it is all friendly, enjoyable and rewarding and it is an opportunity to be involved in your community.

If you are interested in becoming more involved in life in Pratts Bottom, then do contact Gwyneth Hudson on 01689 858583 for more information. She looks forward to hearing from you.

John Hickinbottom Chair of Pratts Bottom Village Hall Committee
